

Wisdom Is *Currency*

An economic empowerment ministry — launching September 1, 2026

Presented by Minister Ken Bridgett · with the blessing of Bishop Joe Halman & Pastor Debra Halman · August 2026

THE MOMENT WE'RE IN

The world has shifted — and it is still shifting. The way people earn, work, build, and provide for their families is being remade in real time. Artificial intelligence, the digital economy, and the end of the forty-year job have changed the rules — and every shift in history has rewarded the prepared and cost the unprepared. The Church cannot watch this one from the sidelines. **God's people should be led through the shift, not left behind by it** — and Greater Works is positioned to lead.

CORE BELIEF

Wisdom is the currency of Heaven — and it converts on Earth. Before provision, God sends principle; before the blessing, He gives the blueprint. Money follows what wisdom builds. This ministry exists to teach God's people to seek wisdom first, apply it practically, and let provision follow the pattern of Scripture. *And finances are where we begin — not where we end. Wisdom is the currency; **wealth** is what it buys — and true wealth is balance: God, health, relationships, time freedom, and finances. We start with one, and build all five.*

"For wisdom is a defence, and money is a defence: but the excellency of knowledge is, that wisdom giveth life to them that have it."

ECCLESIASTES 7:12 — THE CORNERSTONE

THE ECONOMIC IMPACT VISION — FOUR PILLARS

1 • Start & Grow

Members launch and grow businesses on wisdom principles — using today's tools (AI, branding, systems) taught plainly, from someone who builds with them daily.

2 • Steward

Biblical money management — budgeting, debt freedom, and generational thinking. Not just making money: keeping it, multiplying it, and passing it down.

3 • Skill Up

Practical, AI-era skills that raise earning power — so every member, employed or entrepreneurial, becomes more valuable in a shifting economy.

4 • Circulate

Members doing business WITH each other — a Greater Works economy where dollars turn over inside the house before they leave it.
